

00

SINLOON® 0000000000

Precision Metal Film Resistor (Molded Type)
Specification :
Molding Precision Metal Film Resistor - HPMD

Features - -

Power Rating :0.125W ~ 1W.
Precision tolerance tight to A2(±0.02).
Precision metal film, good stability and reliability. - -

Superior electrical TCR performances narrowed to ± 5 ppm/°C .
Lead (Pb)-free and RoHS compliant, Covers all general type resistors.

00	:	00	Applications
0000000	0000	: 0.25W ~ 0.5W	Medical electronics.
0000000	0000	: ±0.02%. ±0.05%; ±0.1%	Measuring and calibration
